

November 2010 Imperial Estates Meeting Agenda Addendum.

CRB1.

Charter Revocation;

**Kingdoms: Requires 2/3rds to approve. All other subdivisions: No action required.**

In accordance with Article VIII.D.1.b.vii., the charters of the following Kingdoms are presented for revocation for failure to maintain a population of at least 100 members, as specified in Article VIII.D.1.a.ii. If revoked, a new charter shall be issued immediately reflecting the subdivisions new status based on the size of their current population, indicated below in parentheses.

Kingdom of Terre Neuve (reduction to Archduchy of Terre Neuve)

Kingdom of York (reduction to Archduchy of York)

In accordance with Article VIII.D.2.b.vii., the charters of the following Archduchies and Duchies are revoked; new charters shall be issued immediately to reflect their respective status based on the size of their current population, indicated below in parentheses.

Archduchy of Constantinople (reduction to Duchy of Constantinople)

Duchy of Roanoke (reduction to Shire of Roanoke)

Duchy of New Exeter (reduction to Shire of New Exeter)

Duchy of Chesapeake (reduction to Shire of Chesapeake)

Duchy of Cambridge (reduction to Shire of Cambridge)

Shire of Thinairia (elevated to Duchy of Thinairia)

OB1 Signatories Updates

## Signatures

No officer or member of the Adrian Empire Inc. who signs an Adrian check or other financial instrument for disbursement of funds shall be related by marriage to or live in the same mundane household (as defined by the IRS) as any person who authorizes expenditures from that account. This shall apply at all levels of the organization. Shires and Duchies may be exempted from this requirement by the Imperial Crown, in which case the Imperial Crown assumes full responsibility for oversight of the Shire's or Duchy's financial practices. If this law is violated, all parties in violation shall be placed on immediate Judicial Ban and disqualified from either authorizing or signing for disbursement of funds.

The Imperial Crown shall communicate this law to the rulers and stewards of all chapters in a timely manner and shall include it in any and all Manuals that provide guidelines for handling funds.

Commentary:

Based on concerns raised at the Imperial Estates Meeting in July 2010 and according to the will of the Estates, I have re-drafted the proposal on signatures. This proposal has had more than sufficient discussion and ample opportunity for input from all interested parties. It and its contents should come as a surprise to no one. Now it is time to vote. I am urging the Imperial Estates of the Adrian Empire, Inc. to make a public statement in support of this aspect of sound financial practice.

Serving the Good,

Sir Jehan  
Imperial Prince

Crossbows in Target Archery (only)

This would be added to the writ that is in place for Target Archery.

Rules for Crossbows:

1. Local Archer Minister must research at their local levels to make sure of the mundane laws regarding crossbows.
2. Must be 18 years of age, to be able to shoot a crossbow
3. Crossbows must be in our time period, no multi-shooting crossbow to be allowed, single shot only.
- 4 Stocks will be period style.
5. Poundage for crossbow will be no minimum poundage and not to exceed one hundred fifty pounds.  
(This is a decision that the archer will be able to make for their selves.)
6. Archer may use a hand held cocking device or a foot stirup.
7. No front or rear sights on the crossbows.

8. Prods can be made of wood, aluminum, steel, fiberglass or wood/fiberglass
9. Release types to use will be rolling blocks, push pin or over or under claw.
10. Quarls or Bolts will be of wood with feather fletching
11. After long playtesting there is no need for a special target butt.
12. No archer will load a crossbow until the archer is standing on the shooting line. No pointing crossbow ground or sky, only point crossbow down range towards archery target.
13. Crossbow archers will follow all the safety rules that are in place regarding target archery..

THE FOLLOWING IS TWO OPITIONS REGARDING KNIGHTHOOD FOR CROSSBOWS IN TARGET ARCHERY

OPITION 1. As in Shani and Rapier steps to knighthood, Crossbows will be the same. and Archer may shoot his crossbow, longbow or recurve during a tournament. But only on EP will be given in one month (even if the archer shoots all three styles) The archer may get only one win in one month, This is the way that Shani and Rapier is done. The archer may obtain his first and second level archery knighthood by shooting longbow, recurve or crossbow.

THIRD LEVEL Knighthood will be obtained only by shooting a longbow or a recurve.

Opition 2. All remains the same except with THIRD LEVEL KNIGHTHOOD the archer may use a recurve, longbow or crossbow.

Comment: I feel that this will answer all questions regarding Steps to Knighthood in target archery with crossbows. I have had several archery knights input in making the changes so hopefully this will pass for all the crossbow shooters in the Adrain Empire. Sponsor by Dame Margarita, Knight Warden Sir Blackarrow Knight Warden

***Reconsideration of Retirement Title for Sir Terrin Greyphis.*** Commentary: When Sir Terrin's retirement title was voted upon at the March 2009 Estates meeting in Orlando, Florida, he was unable to address the Estates due to personal reasons. A full view of what he accomplished during his reign was not presented to the Estates by either him or Sir William Baine. We wish that a reconsideration by the Estates members be done and to give Sir Terrin Greyphis a chance to speak in defense of his title. Authors: Dame Lenora Greyphis, Imperial Princess, Dame Etaine Llywelyn, Retired Crown of Castilles

## Discussion Item 2

***Item for Discussion by the Imperial Estates General*** What rights should or should not be granted to Members at Large in the Adrian Empire? Members at Large are members that reside outside of a chapter. Should exceptions to law be made for these members to be able to “mail in” their archery and arts projects or to allow photographic documentation of their local ability to play to a far off chapter? Should we not allow them to participate at all unless they attend? Currently, Sir Terrin and Dame Lenora currently live in South Carolina, (8) eight hours from Constantinople and (10) ten hours from Cashel. Is it a burden to them as well as the chapters around them to ask them to make the drive monthly to participate?

## Submission for the Zone 3 BOD Position

***Submission of name for the South East or North East Open Positions of the Board of Directors*** Dame Lenora Greyphis, Imperial Princess, Retired Crown of the Duchy of Brandenburg, Knight Premiere I have been an active member of the Adrian Empire since 1998 serving as Imperial Crown, Imperial Minister, Ducal Crown, Kingdom Minister and servant to the Empire at large. I have a largely administrative background but also have spent the last 5 years working in Compliance and Quality for a regional Children’s Hospital where I dealt with federal regulations and rules as they pertain to children. I also was trained at this job in Policy and Procedure and feel that my background may come in useful to the Board as they start their journey as a separate entity from the Estates general. I have served on the Board of Directors and Secretary Treasurer for a number of years and also in an advisory capacity this year as well as while seated as Imperial Crown .
