

Greetings to the Adrian Empire,

In November of 2011, I accepted the position of Imperial Minister of Children. It is proving to be most challenging but it is also interesting, informative and fun. I have 5 appointed Imperial Deputies and they are trying very hard to get monthly correspondence from the groups in their divisions.

The Imperial Deputies from Connacht, Bisqaia and the SW areas are sending me some very interesting reports on a regular basis. These groups seem very interested in what happens to their youngsters.

I have gotten very few reports from both the NE and the SE. It appears that only Chesapeake is sending regular reports to the Imperial Deputy of the NE and recently there was a report from the Duchy of Cashel. The Imperial Deputy of the SE has just taken the position and has sent me one report from The Shire of Lancaster.

I have been informed that there are no children in the NW and if that should change, I will be notified. I have requested that all groups send a report on a monthly basis, if only to say "no children" or even "no event".

I trust that this is the information that you are requesting, as this is the first time I have done a report of this nature. I truly hope that I am not offending anyone and I also hope that the monthly reports will be sent to my Deputies on a timely manner.

They are listed in the Adrian Empire pages

Respectfully,

YIS
