

Report – Chancery

February 22, 2018

Greetings,

Since the November meeting of the Imperial Estates, the Chancery has updated the manuals and documents to reflect rule changes and to correct the seemingly unending stream of formatting errors (thanks, Microsoft!) and typos. If you encounter any such errors or notice any inconsistencies in the documents, please bring these to our attention so we can correct them in future revisions.

We have continued to reach out to chapter Chancellors regarding legal obligations, office expectations, and bilateral communication. Through this outreach, we are identifying and addressing recurring questions of law and policy in an effort to bring a greater level of consistency to our organization, while preserving the tapestry of local customs and culture that makes each chapter unique.

Due to the Emergency Business decision to alter this year's Estates calendar, no calendar of Chancery deadlines has yet been published. We plan to solidify and publish this following the confirmation of July IEM dates.

Our ongoing projects include:

- Establishing regular communication with all chapter Chancellors;
- Obtaining current copies of local writs and codicils from each chapter; and
- Updating and publishing charters, and assisting the web minister in identifying broken cross-reference links.

If you have any questions or requests for our Office, we will be happy to assist you as best we can.

Yours in Service,

Edelinne d'Orsay, Imperial Chancellor

Elizabeth Blacksword, Deputy Imperial Chancellor
