

## **Report – War and Joust**

February 21, 2018

Greetings,

The Office of War and Joust has been moving forward smoothly this year. The combat test updates have been submitted for Imperial Estates review, with the new categories added.

The Imperial Challenge is up and running on track for another good year.

I am pleased to report that out of our 29 chapters I am receiving regular reports from 15, which is over half and over one hundred percent better than last year. Moving forward, I plan to bring that number up by connecting with more crowns to promote communication and bring in more reports.

Yours in Service,

IMWaJ Eric McKiver
