

*Letter of
Registration & Return*

- June 2008 -

Greetings unto all of Adria and unto the Imperial College of Arms,

I am honoured that Sir l'Beté is allowing me to continue my training and learn the tasks that the Imperial Sovereign of Arms does.

The topic of Matriculation of Arms has been of great debate in the College of Arms. The following is the result, (which is also posted in the current (2nd Quarter 2008) issue of the Adrian Herald):

Greetings to the Empire of Adria,

The Senor Membership of the College of Arms has deliberated and agreed to remove *Rules of Heraldic Registration: Article X. B. 1. & 2. & 3.*

Arms from other Organizations will no longer be Matriculated and guaranteed registration within the Adrian Empire.

This rule allowed associate members coming in from other organization to effectively have guaranteed registered arms even though they might break Adrian Heraldic rules. We feel this is unfair to the general populace of Adria were as one person from another organization may have registered arms, yet the general population of Adria would be denied such arms. We feel "One Rule for Everyone" is the prudent course.

Though, just as no one person in Adria is required to register their arms in order to display or wear them, this also applies to associate members from other organizations. These associate members may use their arms from another organization (as long as the do not conflict against Adrian registered arms). Yet if they wish to protect them and register them within Adria they must follow the registration process, as members of Adria are required to do.

If there are any questions please feel free to direct them to myself or your appointed Regional Deputy.

In Service to the Empire of Adria and the College of Arms,

Sir L'Bet'e deAcmd
Imperial Sovereign of Arms

Now, it is my pleasure to bring to you the June 2008 Letter of Registration and Return.

I pray that you fare well.
