### Umbria:

**Fafnir Hallgrim**

*Device* 7760

Quarterly, gules & sable, a cross fillet argent, 1<sup>st</sup> & 4<sup>th</sup> an increscent & two roundels argent

*Reasons: Non period motive. The increscents & the roundels are not in a true heraldic position. Fillets are a diminutive of a chief & does not apply. A cross should be wide enough to occupy 1/5 of the shield. Complexity count is also high, 7*

### York:

**Crysanna Bryanne Jonet Clarendon**

*Device* 7734

Sable, a mermaid Or, finned azure, debriused with a bend gules

*Reasons: RoT violation. The azure fin is on a sable field.*

**Garou**

*Device* 7000

Gules, a maple leaf argent & overall a wolf statant sable

*Reasons: Non period charge. The maple leaf is not a period charge. If this was resubmitted with a different leaf (Oak, holly, laurel) it would be reconsidered.*

**Wilhelmina von Neukirk**

*Device* 7232

Argent, a fox sejant proper within a border vert

*Reasons: RoT violation. There is no default tincture for a fox thus the term "proper" does not apply. With that, the use of brown as a tincture is not acceptable. If this were to be resubmitted with a different tincture; it would be reconsidered.*
