

September LoRR 2005

Greeting's unto the Adrian Empire and the College of Arms,

Since December of 2004, the College of Arms has registered some 234 Arms. Regionally 349 Arms have been processed. Locally one can only guess at how many have been created and consulted on. This is close to three times more arms registered than the past 4 years. I have to say "thank you" to all the Imperial Regional Deputies, Kings of Arms, Queens of Arms, Heralds and Pursuivants, who processed their submissions, filed there reports and fulfilled their duties to the Adrian Empire and the College of Arms. This process works only because of those who have put forth such effort with out self interest. With only the desire to advance the Adrian culture, promote the Structure of the College of Arms and educate in the splendor of Heraldry.

I as well as many members of the College realize that there are goals still to be reached. But I truly believe that the structure and foundation of the current College is strong and with so many members of the Empire newly reaching out and contributing, I am sure all goals and needs of the Empire will be met.

Thank you members of the College of Arms, Thank you, Imperial Majesties and Thank You Adria for your support, and this opportunity to have served .

With that said.....

I Sir L'Bete'e deAcmd
Imperial Sovereign of Arms
Fleur de Lis King of Arms

Have the pleasure to bring forth:
The September 2005
Letter of Registration and Return
&
September 2005 Armorial
