

---

**CAN I BRING MY PET TO AN EVENT?**

If the site allows pets, so does Adria, but you have to follow the rules.

---

**CAN I TETHER MY DOG?**

No. You must keep your pet on a leash at all times. The leash must be in your hand at all times.

---

**I DON'T HAVE A DOG.**

The restraining methods are different for cats, birds, horses, lizards, etc. The key is that the animal must be in your direct physical control at all times. They may not roam free- voice control is not sufficient.

---

**DO I NEED TO PROVIDE VACCINATION RECORDS?**

Yes. It's always a good idea to have copies of the license, and the vaccination on hand when you have your pet with you. You may not be asked for them, but you need to have them.

---

**WHAT IF THE PARK RULES SAY PETS ARE OKAY, BUT THE AUTOCRAT SAYS NO?**

The sites sometime have a different set of rules in their group contracts. Whatever is spelled out in the contract is what we have to do.

---

**WHAT IF I BRING MY PET, AND I'M NOT SUPPOSED TO?**

You will be asked to leave. The question, though, is why would you do that? If there is any way that pets can be allowed onto the site, they are allowed. So there is a reason the autocrat has said "No pets."

---

**CAN THE AUTOCRAT MAKE ME LEAVE?**

If your pet is acting up, yes. If you cannot control your pet, and your pet is causing problems at the event, the autocrat can ask you to leave. If the problem is serious enough, they can request mundane assistance in getting you off the site with your pet.
