## From the Crown

Good Populace,

As many of you are aware the South East Coast Imperial War was canceled due to Hurricane Francis that hit the South/Central Florida area

Although, the impact to the Empire at large was relatively unaffected, the members of the South East region had lost their opportunity to earn the usual extra Imperial rolls points towards their perspective knighthood's.

Sir Bleyz Mc Bruce, King of York, respectfully requested that a make up event be held to elevate the lost of the war.

Therefore, we grant an Imperial Tournament to be held the South East regions of York and Castilles on the mundane date of December 18 & 19, 2004.

The Archery portion of the Tournament shall be hosted by the Kingdom of York. The Combat portion of the Tournament shall be hosted by the Kingdom of Castilles. Arts sign up will take place on the first day of the tournament but projects will be judged both days in both Kingdoms.

Further Information shall be distributed by the Ministers of the respective ministries.

We would like to take this time to thank all those that helped in making the National Steel Invitation Tournament a success. This was the first time we ever attended this event and we feel it necessary to state that everyone who planned and attended this event that they made it the most enjoyable Adrian Empire event we ever attended.

As some of you may be aware one of our cases containing approximately \$1,300.00 in weapons had been liberated from us. Even this tragic loss could not overcast our overall enjoyment of the event.

Everything from the delicious feast and combatant banter to belly dancing made every aspect of the experience worth it.

It was wonderful and we feel even our thanks is not enough in expression of how much we enjoyed our time.

Lord Wright, Emperor  
Dame Aislynne, Empress

Imperial Minister of Archery

## From the Imperial Sovereign of Arms:

Greetings to the Adrian Empire,

I am greatly honored to have been chosen for the ministry position of Imperial Sovereign of Arms. I shall strive daily to earn the merit of this office and serve you all well.

After consulting with their Imperial Majesties, It is my intent to return the College to the structure that many of you may be more familiar with. Yet I find great merit in the organization and process's that Their Imperial Majesties set forth in the pass 6 months. We shall meld the two ways into a stronger whole that will address the issue's of processing while remaining true to the history and honor of the College.

To this end the following have been commissioned by warrant to serve as the Deputy Ministers of Arms: **Sir Guillaume Marchand du Fleur**, Shall be the **Beltazure King of Arms**. Which is the position of Chief Deputy Minister to the ISoA. Sir Guillaume shall care for the North East Regions of the Empire from north of North Carolina and west to the Mississippi, excluding Andorra. All Chartered and unchartered subdivision within this area shall send their submissions to him.

**Sir Valance Prize**, shall be the **Centaur King of Arms**. Which is the Deputy Minister who care's for the Middle region's of the Empire. From west of the Mississippi, barring Alhambra and all California subdivisions. But including Andorra. All Chartered and unchartered subdivision within this area shall send their submissions to him.

**Sir Cledwyn ap Llanwrst**, shall be the **Griffin King of Arms**. Which is the Deputy Minister who care's for the California region. All Chartered and unchartered subdivisions within this area shall send their submissions to him.

**Sir Alfred of Clophill**, shall be the **Dragon King of Arms**. Which is the Deputy Minister who care's for the South east region, Including North Carolina and south, and west to the Mississippi. All Chartered and Unchartered subdivisions within this area shall send their submissions to him

These ministers will be posting their contact information shortly, so that you may contact them and send your submissions forward. If you are unsure exactly who you are to send submissions to. Please feel free to contact me and I will guide you to the right person.

We also have two other Deputy Minister's:  
**Dame Cathan ni Sonoid**, shall be the **Tyger Herald**, Which is the Deputy of Protocol. She is responsible for making sure that decisions made from the College stay within the Bylaws.

**Lord Iorwerth ap Anarawd**, shall be the **Archiver to the College of Arms**. He is responsible for the keeping of records of all activity within the college.

These are the Chief Deputies to the Imperial Sovereign of Arms. If you are wondering yet who I am?

**Sir L'Bet'e deAcmd**, Fleur de Lis King of Arm's, **Imperial Minister of Arms**. I am the head of the Imperial College of Arms. My main responsibilities are to supervise and coordinate the heraldic functions and activities of the Imperial College of Arms. And to coordinate the processing and registration of heraldic presentations for the Adrian Empire. My Immediate supervisors are the Imperial Crowns.

Some of you may have noticed the use of "King of Arms." This is a stylization permitted for our use within the College in homage to our heraldic fore fathers. This is not truly a rank or title as defined by the Adrian Bylaws. I myself am a Knight and Baron and pay homage to those stationed above mine. We are all truly ministers, each with their own lot outside of the College.

I wish to inform you all of two new tools that the College will be putting forth. One is a new "Device Registration Form." In order to accommodate the newer way of processing submissions and to do our part for the Ecosystem, we have modified the previous device registration form. This should be available shortly through the Adrian Empire web site. Currently it is only available in the File's section of the Yahoo Adria\_herldry group. The file were it resides is called "New Business Nov". It is in PDF format. Also, in this file is a guide for all current Precedents and Policy's issued by the College. This should be updated to the Adrian Empire website very soon too. Both these tool's should be considered indispensable to any SOA or Herald processing presentations.

At this time I would ask of all to please submit your presentations to your Regional Deputy for regional processing. Before doing so I would like all presenters to be aware of an issue that has become a frequent occurrence this past year and is grounds for return.

Registration forms must be colored in clear primary colors.

1. Because the inks have shown a tendency to change color over time, color photocopies or computer generated color forms will not be accepted.
2. Because of the impermanence of the media, forms colored with crayons, colored pencils, or pastels will not be accepted.
3. Colored markers must be in clear primary colors.

Computer generated "outlines" will be accepted if they are "Colored" with markers.

If you wish to send a computer graphic for display on the Imperial Armorial. You may send a floppy disk along with your Device registration form.

To the Ruling Noble's of chartered and unchartered subdivisions. I would ask of you to please make sure the minister of heraldry serving your estate has a copy of "The Heraldry Manual: Rules for Registration and Administration, as adopted Oct1999, amended Nov 2001." And is adequately familiar with it. As of this moment I have 16 submissions from around the Empire which clearly violate ruling's which are stated on essentially the first page. I would also ask that you please familiarize yourselves with at least Article XII through XX. of this manual. So that you too may have a greater understanding of the College and the requirements for registration.

All Sovereigns Of Arms and Heralds serving Subdivisions that are Duchy status or higher shall please send a report to the Imperial Sovereign Of Arms by the 15th of every month.

Currently I have about 81 presentation's from the past four months and a few from even longer to review. I will endeavor to present a Lorr and bring registrations current. With the help of such an excellent staff as I have, I am targeting three weeks at the most.

In Service to you All  
Sir L'Bet'e deAcmd  
Imperial Sovereign of Arms

## Andorra

Greetings and well met!

To those of you who are not aware Andorra's Numbers are now large enough to qualify us for Arch-duchy Status. We have some more forms to be sent in and the Imperial Steward to verify but there you are. HUZAZH!!!!

2004 has been a year of transitions for Andorra seeing us at more venues, rapidly increasing in size and adding many new items to our inventory and many new and talented artisans and combatants. In March we were elevated to Duchy status and before 2004 is over it looks like we will be an Arch-Duchy!!

Currently Andorra boasts 8 period tents owned by various members, and a growing and ever evolving period encampment. Now part of the Encampment is a royal pavilion two dias and two thrones. The Dias were gifts from House La'Riche and the thrones which were crafted by Lord Angus and Lady Gwendolyn.

Another transition we have been making is to spread out the hats if you will. The Duchess and I have been trying with success to find individuals who were available to take on the various Ministry positions required in the by-laws. At our next event many new faces shall be seen accepting their Warrants of appointment.

Andorra also added two individuals to her Court in giving out the title of Lady of the Court of Andorra to Gwendolyn Gryphone and the title of Lord of the Court to Angus of Neal (formally Phearquod). In the time both of these individuals have been members they have gone above and beyond on several occasions being fine examples to all of Andorra. Two captains of the Guard were also appointed Captain of the Dukes Guard being Guillome La'riche Captain of the Duchess's Guard being Terranus McPebbles In the short time since joining both have shown skill in combat and dedication to Andorra and her goals.

Several new members have already done much in pitching in and being fine examples of Chivalry. Of Note in 2004 were Francesca Katalina Dragonne for her taking on the role of Kindermiester and doing an exemplary Job, Jaquelle dela'Reve who did an upstanding job as Caltrop and manned the Info

Booth throughout the year, Thomas Layton and Britany Billyard whom at there very first exposure to Andorra at the Des Moines Fall Faire both proved invaluable having pitched in 110% to help make it a success.

It should also be noted that two other individuals need be formally noticed are Marcan O'Reiney and Engelse of Norham who both pitched in doing everything from washing dishes, to firing our oven to doing Archery Demos at IRF and Des Moines Fall Faire.

There are two more individuals that bear mentioning for their willingness to help out and also being very talented in the art and Construction of Chain mail as well as pitching in by doing demo's and helping out in many other ways. Their names are Blaez Gravnor and Agill Asa.

Andorra's success this year was due to ALL of our members who pitched in an contributed time and effort throughout 2004 and if we failed to mention them by name we apologize as there have been many new and wonderful people who have graced us with their Presence this past year.

As we look to 2005 the future seems very bright with many demos and Events already scheduled. So from the Duke and Duchess to the entire Populace of Andorra we salute you all.

YIS

Sir Auberon and Dame Isabeau  
Duke and Duchess of Andorra
