From the Imperial Crown

Unto all the Crown Heads of the Subdivisions of Adria and to the Subjects of the Empire and her Subdivisions does the Imperial Crown send Greetings and well-wishes.

We are pleased to make the following announcements, both anxiously awaited by many.

1. Insurance

We have received 2 very favorable bids to date. A broker has contacted us and believes his company can do even better for the Empire, but will not have the bid ready until early next week. It is our intention to review each carefully along with the members of and advisors to the BoD, and accept an offer from one of the three, hopefully by the end of next week. All 3 allow for the full participation of minors to the level they were prior to the March IEM. It is still Our intention to have a policy in place ASAP and have every belief that by mid-May we will see a change in the current status. Please take a moment to a send a note of appreciation to Dame Lenora for all of her diligence in getting us this far, as well as to Dame Dominika of Umbria, who used her mundane connections and experience to help with resolution of these insurance issues – for the second time.

Update: The Board of Directors has made a recommendation, and we anticipate having the new policy in place by May 15. All Crowns will be notified immediately, and an Empire-wide post will be made via the yahoo-groups and the website, Adrianempire.org.

2. May Imperial Banner War

Today being the 30th day preceding May Imperial War, and the Imperial Chancellor having received no declarations of Civil War, the May War will be fought for the amusement of the populace over Memorial Day Weekend.

It has been requested that Domains be permitted to fight for the Banners, and we whole-heartedly have agreed. All subdivisions are also encouraged to field Armies to fight for the Banners. All Domains and their members thereof, regardless of home Kingdom, Archduchy, Duchy or Shire, are permitted to fight for their Domain, if they so choose, or their home subdivision, if they so choose, with no repercussions from either – other than good-natured ribbing...and perhaps ransoming...maybe a sword or arrow to the head...you know – have fun!

Imperial News

From the Imperial Crown (cont.)

*Domains that have presences at multiple warsites will fight each war independently; ie, the Domain of World Dominion (made that up) in the SE may fight for the SE Banner, and also may field an army in the NE to fight for the NE Banner, and also take the field in the West, if they have a presence in each area. Note each is a separate war, unlike Imperial Crown War, with the prized banners and bragging rights for the Victors. We appreciate the efforts of all those who have placed bids, and are pleased to again announce 2 East coast sites: NE and SE; and one West site.

Thank you very much to each autocrat and to all the site ministers, in advance, for all of your hard work. Affectionately, and on behalf of His Imperial Majesty as well,

Dame Aislynne de Chartier
Empress of Adria

Banner War (Northeast)

Unto our Cousins, we do send our heartfelt greetings and news of the North East Banner War 2005.

We so look forward to seeing familiar faces and meeting new members of our Adria family. Please come and join us for a weekend of fun and fellowship. It is our hope to make this war memorable for all. The greatly anticipated return of our younger cousins is reportedly

close at hand. This will be a weekend to celebrate them and their patience thru what must have seemed like an ordeal to them.

Greenbank Mill is a beautiful site. It is a 1700's working wool manufacturing mill, complete with sheep and period demonstrations of the process from "Sheep to Shawl". Shaded in areas and bright and sunny in others, it has room for warring (including a bridge!), archery, and camping. Tony, the Mill's proprietor, has gladly offered tours of the mill and a class on spinning and weaving wool.

Site Costs: \$15.00 per person participating in the event. Fees can be paid at Friday evening or at registration Saturday morning.

** I know there was an earlier post about the cost of the event, and I realize this led to confusion. It was posted prematurely, and not by the autocrats.

There is tent camping at the site at no additional charge. The site is open to Adria members after 4pm on Friday and until 1:00 pm on Monday.

Hotels under 5 miles away:

Arts Playtest at Banner War

Greetings Unto the Populace of the Empire –
As many of you know the Empire is play-testing a new arts proposal to allow for non-judged arts participations. Their Imperial Majesties have informed us that the play-test will be in effect at the various Banner wars taking place around the Empire. The Arts and Sciences Ministry is very excited about this opportunity for widespread Imperial participation and hope that many people will want to take advantage of it. For those of you unfamiliar with the proposal I'm talking about here is the wording of the Writ:

Arts Manual description of Tournament Entries:

13. Non-judged art activities:

i. The activity must be performed in a visible area by actively participating in a non-judged activity at a Crown tourney and approved by the Crown.

A specific area will be set up.

ii. The activity must be an activity which was performed in Europe during the period covered in our bylaws.

iii. Minimum written documentation from the artisan is required to authenticate said activity.

Minimal documentation can be as simple as a couple of primary source pictures or an article or book written by a reputable source i.e. the Museum of London. More obscure art forms may require more documentation to prove authenticity.

iv. The activity must be performed with period tools and equipment, using period techniques. (Substitutions, for safety are allowed as long as the appearance of authenticity is maintained and the substitution is approved in advance by the arts minister and/or Crown.)

v. The non-judged activity must be signed up on the Arts Sign-in sheet in the appropriate List area designated for same.

vi. The activity must meet a minimum time of activity of thirty (30) minutes and verified by the Crown or Arts and Science Minister.

vii. The complexity of the art activity will determine the number of times the artisan may perform a non-judged art activity at a Crown Tourney. The number of participation points to be determined by the Crown and Arts and Science Minister and Artisan before the activity is put on the List.

viii. Non-judged art activities may not be held at Wars. ***Her Imperial Majesty has stated that Banner War will include an Imperial Tournament, which is acceptable for play test. No War points will be awarded.***

Clarification: Non-judged Arts are eligible for entry in the Imperial Tournament held in conjunction with the Arts War event. Non-judged entries will be eligible for EP's, but not WP's. – Dame Aislynn

ix. The Imperial Crowns may set additional restrictions for Imperial Events.

There will be a specific area set up for the non-judged arts to be performed. Anyone who would like to participate in a non-judged art must contact the Imperial Minister, Dame Kendra at rdrees@sbcglobal.net or the Deputy Imperial Minister, Dame Tara, at renwoman6869@yahoo.com, beforehand to have their project authenticated and approved. There has been a new project request form to assist with this process. It

will be available in the files section at the Adrian Empire yahoo group. It will be available on the Adrianempire.org site pending approval by their Imperial majesties. Please contact us as soon as possible so that we can have your approval to you in time for Banner War.

In Service,
Dame Kendra Finster McFadyen, Imperial Minister of Arts & Sciences
Dame Tara Callahan, Deputy Imperial Minister of Arts & Sciences

Conduct of Archery at Banner War

Greetings Unto the Populace
As per the Imperial Bylaws Article XVI, Section 5 regarding conduct of a crown war, Archery war points are to be tallied as follows:

There are 4 war points awarded in archery

1. Bowman's List (*Combined score of all Bowman's list archers*)
2. Huntsman's List (*Same as bowman's list except with huntsman archers*)
3. Open list (*combined total scores of all archers for their candidate regardless of rank, this is a separate shoot, Bowman's list and huntsman's list points from the previous shoots (1 and 2 above are not to be used in this score)*)
4. Champions List. (*Per Her Imperial Majesty, each Army's General will choose a champion for the Champion's List shoot.*)

There has been confusion in regard to the Archery lists. There is a mistake in the Draft 2004 version, and this error was quoted elsewhere. The lists are delineated in the official version, The Imperial Bylaws 2003 Article XVI.B.

Combat Archery:

Scenarios using combat archery will be announced by the Minister of Joust and War. Combat archers will be subject to arrow inspection during their armor check. This will include deconstruction of 1 (one) arrow to check construction. Any arrow that fails inspection, the archer can opt to have a second arrow checked or have the entire quiver disqualified. If the second arrow fails then the entire quiver is disqualified.

Any arrows missing feathers are to be pulled from the field. Any arrow that falls apart in any way on the field will be pulled. NO FIELD REPAIRS! Anyone field

repairing their arrows will have their quiver disqualified and possibly face disciplinary action. Remember, all we want to do is have fun out there, so let's keep it safe out there.

As I will not be able to attend Banner War West, My deputy Sir Gareth Grae will be handling archery matters that weekend. Help is requested and greatly appreciated on the range. Qualified rangemasters that wish to help should make themselves known to the autocrat Dame Brynna for Western War, Dame Kelda for Northeastern War, and Dame Etaine for Southeastern War

In Service,
Dame Aislynn de Chartier, Empress of Adria
And
Sir Connor O'Riordain, Imperial Minister of Archery

Imperial Sovereign of Arms

Greetings unto the Adrian Empire and the College of Arms,
I wish to thank all the Crown's and Noble's I met with at the recent Imperial Estate's meeting for their kindness and support. It was a great learning and an eye opening experience. I also wish to thank Her Imperial Majesty for letting me keep my "Head" after the chair incident. "All Hail Empress Aislynn de Chartier," "All Hail Emperor Wright Bentwood" "Nuff Said".

~~~~~  
It takes a great deal of my time and effort to get reports from the subdivisions. I should not have to beg for reports; like any other ministry position, timely reports are essential to the workings of this Office. I implore the Crowns of the Geographic Chartered Subdivisions to encourage their Ministers of Arms to send in reports. Kingdoms and Archduchies, Duchies and Shires should report monthly, Court heralds should report at least quarterly. Reports are due by the 15<sup>th</sup> of each month. If there is nothing to report, the report is still due – it just has to say "I have nothing to report". At this point in time, an average of only 33% of the subdivisions have reported in the past 5 months. I have yet to receive a Court Herald report.

YIS,  
Sir L'Bet'e deAcmd  
Imperial Sovereign of Arms

## **Education**

There are seven recognized Tinctures approved by the College of Arms. They are as follows:

**The Colors** ~ Gules (Red), Azure (Blue), Vert (Green), Purpure (Purple), Sable (Black).

**The Metals** ~ Or (Gold), Argent (Silver)

### **What about Proper Tinctured charges?**

"Proper" does not necessarily mean the real color of an item; "proper" is used to mean the default heraldic tincture of the item, which is not necessarily its color in real life. A brown bear proper has brown fur. A dragon proper is Vert with a Gules belly. A sword proper has an Argent blade and an Or hilt. For the purposes of determining if a "proper" item is in violation of the Rule of Tincture, look at it this way: unless it is clearly a Metal (Or or Argent), then it is a Color. That's it. "Vert, a bear proper" is going to be returned for violation of the Rule of Tincture. So will Azure, a dragon proper.

## **I. THE RULE OF TINCTURE**

The Rule of Tincture is defined as follows: ***Color may not be placed on Color, nor Metal on Metal.*** This rule is generally inviolable, with certain explicit exceptions as outlined below.

### **A. SIMPLE ORDINARIES**

The so-called simple ordinaries (pale, fess, bend, bend sinister, cross, saltire, chevron, chevron inverted, pall, and pall inverted) may be used in the following manner so long as they contain no complex lines:

1. *Gules* ordinary on a *sable* or *azure* field
2. *Sable* or *azure* ordinary on a *gules* field
3. Ordinaries used in this fashion may be charged, except where such charging would violate the Rule of Tincture.
4. Ordinaries used in this fashion may not be cotised in tinctures which violate the Rule of Tincture.

## **Did You Know?**

The following arms have been registered so that those who do not have the right to bear arms on their own may have something to bear in tournament. They are the Nine Worthies and the Nine Worthy Women.

- Alexander the Great (Mundane) Sable, a griffin or.
- Arthur (Mundane) Azure, three crowns or.
- Boadicea (Mundane) Vert, an equal-armed Celtic cross argent.
- St Brigita of Sweden (Mundane) Per bend gules and azure, a lion argent.

- Esther (Mundane) Azure, a crowned portcullis or.

- St. Helena (Mundane) Gules, a cross between four furisons or
- Hippolyta (Mundane) Or, a horse forcene gules. (Attributed arms - one of the Nine Worthy Women)

## Kingdom of Albion

Greetings All,

Since the June Event will require a lot of prepwork, we wanted to get you all started thinking about it. It will center around a Demo at Nellis Air Force Base. This will be to kick off their summer reading program "Joust Read", which will focus on maids, Knights, dragons, and all things Medieval. They are very excited to be working with us, and success here will lead to future Demo's with their PR department.

The date will be June 4<sup>th</sup>. Set-up will begin at 9 am. We will have a complete Competition as well as Classes. If you are willing to teach a 30-45 minute class, please contact me for a syllabus format, and I will get it to you right away. Each successful class instructor will be awarded a DI for their assistance. This will also be good for DP's. The ability to teach a class will not be hindered by age, so we encourage all of our youth to find a class, or ask someone to help you, to teach.

They are expecting roughly 300 people, mostly children, to attend.

We will also need all budgets for the May Estates Meeting. Sorry for the short notice.

In addition, everyone planning to attend must provide us with a list of their full legal Name, Driver's License Number, and vehicle registration (License plate number) for each vehicle they will be coming in. NOTE: Your vehicle must have current registration and insurance to be allowed past the gate.

August event:

Summer on the Mountain

August 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup>, 2005

Mahogany Grove Mount Charleston

Note: Due to site restrictions, attendance is limited to the first 71 people who register (pre-registration is mandatory)

Site fees: \$5.00 a person; no reduced fees, as this is covering the cost of the reservation for the weekend.

Food Plan:

Children 4-12: \$6

Persons 13 and older: \$10

Again, pre-registration is required due to the fact that food has to be bought ahead of time and taken up the mountain with us. The cost covers Dinner Friday. Breakfast, Lunch, and Dinner on Saturday, and Breakfast and Lunch on Sunday.

Note: we will take any special diets and allergies into consideration if you include them with the registration form.

*Form available on from Steward or on the Albion\_adria yahoo group site.*

## Kingdom of Castilles

Greetings unto the Mighty Empire,

The Kingdom of Castilles has come out of our fair season with an increased sense of fellowship and good cheer. It was a wonderful season to spread the importance and good nature of the mighty empire. It is with happy tidings that we announce the winners for the last events within Castilles.

For the Capital City we had: In Archery, Lord Derfeld took the bowman's list and Shea O'Rourke took the Huntsmans. With this win, Shea is now eligible for his 1st level Archery Knighting. For Combat, Shinai was won by Gavin, Sergeants Ren was won by Alvalla, Knights Ren by Sir Dallon and Steel by Sir Claymore. The Arts list was very quiet. However the non-judged Arts participation is clearly a big success with 4 entries this month.

In the Isles of Kincora, Archery was Derfel for the bowman and Sir Govannon of York took the huntsman's list. At event the following day, Shinai was won by Byran Mears, Sergeant's Ren by Guy,

Knight's Ren by Leofwine and Steel by Sir Le Bete of York.

The Canton of Sidhe is working hard despite some minor setbacks and had a winner in April for Knights Ren with Kyair Leona.

The March of Hygrove in our Kingdom has hosted an ongoing Arts project with the youth who have been affected by the Insurance fiasco. Dame Rowan, Baroness of Biacha, has been gracious enough to see the all have the opportunity to participate. The shields that are being painted for all of the fighters in the Kingdom will definitely add an air of authenticity to combatant lists.

It is with Great pleasure and all bragging rights that we happily announce that Castilles now boasts the oldest knight, Dame Nest, 96, and the youngest knight, Dame Morgana, 8, in the Empire. Dame Morgana Callahan was knighted with great pomp and circumstance on April 24th. The day even more memorable as it was her 8th birthday. Being a Corsair, All of the Castillian Corsairs made sure that a proper arch was provided and she was showered with gifts and good wishes.

In Service,  
Queen Etaine Llywelyn and Dame Tara Callahan
